PILESS.

Hongkong, June 13th, 1895. THE Sanitary Superintendent, in his report for 1894, again calls attention to the defective system of death registration in the R. N., being proceeds of "Café Chantant." colony. The remarks be made on this subjust in his report for the year 1890, Mr. McCallum says, are applicable to the present time, for nothing has been done-he refers to appointment of native medical practitioners trained to some extent in Western medicine-beyond medical inspection of the patients in the Tung Wah Bank on his departure from the Colony. Hospital to ensure that the recorded cause of aeath is the real cause from which death occurred. On turning to the report for 1890, we find the remarks on medical aid are quoted horn a will carlier report, that of 1883. "The entire want of medical aid," Mr. McCanacat wrote that time, " is a greate " sanitary defect in public as well as in pri-" vate sanitation. As regards public sanita-"tion, without medical assistance there is no The articles of food for man consisted of I nit " reliable means of ascertaining, the amount and vegetables, which were in shops, and as 2 is "of disease or mature of the sickness prevail-"ing among the people and the real causes "of death are practically unknown." E then went on to discuss the means by which the need might be supplied, namely, by gam; estimated quantity of stone ornshed being act of ord maintaining a staff of fully qualified English medical officers, a staff of qualified Indian as about 370 onness of gold-or, say, balf an medical others, or a staff of Chinese medical practitioners more or less trained in European medicine. The expense alone he considered prohibitive of the employment of European medical men. Indians, he thought, might must the requirements, which we are unable to enter, but its general · but they would not for some years be able to communicate direct with the Chimese people; be the which it was doubtful if they would ever be able to win the respect and confidence of the Chinese, without which amount of difficult work to be overcome, his great experience is likely to be of service to him their sphere of usefulness would be greatly. circumscribed. But the employment of a to prophesy regarding the ability of a Governor. | inaugurated to-day. staff of respectable Chinese medical practitioners who have received more or less of a training in English medicine was, Mr. Mc-CALLUM thought, feasible. He admitted that the different offices, with the result that there if such men were employed there was very considerable risk that they would abuse their office and squeeze the people, but, he said, along as at present without any real knowledge of the state of the health of the people we govern and without learning what effect our costly sanitary unprovements bave on heir health. Questions are considered and settled, and the mockery of representative government. modifying any ensotment which may, in their

In the adjustment and disposal of the local and assistance the people of Hongkong will be taxes and revenue it might be supposed that the grateful upofficial representatives of the ratepayers would be allowed a potential voice, and in form this But it is in form only, and not in reality, for in the Logislature and when the Council is and the unofficial members can always be out voted. The dimited degree of salf government desired by us, subject to the Governor's vote, could be no more dangerous in Hongkoog than the much greater rights of self-government in Cape Colony, where also there is an overwhelming preponderance of the native element,

Legislative enactments are sometimes drafted by the Attorney-General, are frequently forwarded before publication in the colony, or even: communicated to the Council, for the approval. of the Secretary of State in England, and when, sanctioned are introduced into the Legislature, read a first second, and third time, and passed bers acting in obedience to orders and irrespective of their personal convictions. The legislation so prepared and enacted emanates on occa sion from persons whose limited experience of them to appreciate the measures best suited to

the requirements of the community. The persons who have the requisite knowledge and experience are naturally the unofficial members who have been elected and appoint d as possessing those very qualifications-who have passed large portions of their lives in the colony, and who have either permanent personal interests in it, or hold prominent positions of trust which are therefore the more likely to have been required to carefully study its real needs, and to have thereughly acquainted themselves with the nt times merely stepping stones in an officia career: the occupants may be resident for a longer or shorter period in the colony, and for of the goodwill she entertained them to form an opin on on any question which arisos different from the course decided upon by the Executive of the Government when sitting with closed doors, is to risk a conflict with the Governor, and to prejudice their future career. They are therefore obliged to vote at times contrary to their conscientions convictions.

It is fully admitted that in a colony peculiarly situated as Hongkong is, on the very men of war to Kiel-was a simple | borders of a great Oriental Empire, and with a was and in no respect modified | population largely composed of aliens, whose traditional and family interests and racial sympathies largely remain with that Empire. pecial legislation and grardianship are required. Nor are we less alive to the Imperial position of a colony, which is at once a frontier fortress and a naval depot, the head quarters in the Far East of Her Majosty's Fleet, and the base for naval and military operations in these waters. W h Ambas-ador has expressed his are not so impractical, therefore, as to expect onal Legislature, or that the Queen's Govern ment could ever give up the paramount control of that important dependency.

The colony is, and must continue, subject egislation issuing from the Imperial Parliament, and all local legislation must be subordinate to it. Her Majesty the Queen has complete power and full authority to make laws for the island, and all local laws must be approved and assented to by the Governor in the name of the Queen, and subject to disallowance by Her Majesty on the recommendation of her principal Secretary of State for the Colonies. We humbly represent, however, that to Malta.

rown Colonies more liberal forms of govern. penal servitude for life. ment than that enjoyed by Hongkong have been given; unofficial seats in the Executive Council, unofficial majorities in the Legislative Council, and thereby full power to control and manage municipal and purely local affairswhile in none of these colonies are the commercial and industral interests of the same importance or magnitude as those of Hong-

Mr. E. Jerome Dyer has written to the Premier from Penang (says the Melbourne Argus) stating that he had handed the presents of arbitration. Victorian products from the Victorian Government to the Governors of Hongkong, the Philippines, and Netherlands India, and had held most successful public displays of Victorian, produc's at Hongkong, Manilla, and Batavia, not to renew the agreement with the United Although Java deals largely in Australian pro- States with regard to the carrying of arms and ducts, especially flour, the attractive and varied implements for the destruction of seals by sealing rectifying display which Mr. Dyer placed before the vessels in Behring Sea. merchants at Batavia has induced some of them to start an energetic man in a large retail Australian provision store at Batavia, and they intend also opening stores try is flooded with Japanese labourers. It is at Sourab va and Samarang. At Manila estimated that 10,000 Japanese were employed. so much interest was taken in the exhibition of Australian products that two shipping companies promised to send monthly steamers to Australia with woods, sugar, hamp, oigars, and tobleco, and bring back coal, catile, flour, wheat and other provisions. Mr. Dyer thinks, show ever, that only one company will carry out its romise, and probably it will not despatch steamers if the Japan Mail Steamship Company start its line of vessels at once and they call regularly at Manila. . He adds that the prospecie of trade between Australia and the Eastern countries are very encouraging. but keen competition must be looked for and mot from America and Europe. manufacturers and exporters from those countries will not, he says, permit Australian goods to displace theirs in the Easiern markets without a struggle. "If, however, recent enterprise is continued, if small beginnings are accepted, and if once, promptitude, and watchfulness are observed, these markets will prove a yast and sation for the seizure of the Costa Rica Packet. increasing source, of wealth to Australian, producers, and if a European war closed the home market to the colonies, the blow would be tempered by the case, safety, and profit with which we could supply these Eastern markets."
